

Mac OSX Download Instructions

1. Download the Continuata Connect app *(via the download link in your email)*
2. Install the Continuata Connect software
3. Launch the Continuata Connect App
4. Copy and paste your unique serial code into the installer
5. Choose where you would like to install Natural Forces
Please make sure there is enough free space on your drive (>5GB)
6. Click "Download" *(you will see a GP01 Natural Forces folder show up that is ~2.5GB)*
7. Open Kontakt 5 (Player), and click "add library"
8. Navigate to the "GP01 Natural Forces" directory and click "choose"
9. To authorize Natural Forces, click "activate"
10. When prompted by NI Service Center, enter the 25 digit serial #

If you don't have the Kontakt 5 Player, you can download it here:

<http://www.native-instruments.com/en/products/komplete/synths-samplers/kontakt-5-player/>

If you have further questions about installation, please contact us at:
support@heavyocity.com

PC Download Instructions

1. Download the Continuata App (*via the download link in your email*)
2. Launch the Continuata Connect App via the Windows Start Menu
3. Copy and paste your unique serial code into the installer
4. Choose where you would like to install the Natural Forces
Please make sure there is enough free space on your drive (>5GB)
5. Click "Download" (*you will see a GP01 Natural Forces folder show up that is ~2.5GB*)
6. Open Kontakt 5 (Player), and click "add library"
7. Navigate to the "GP01 Natural Forces" directory and click "choose"
8. To authorize Natural Forces, click "activate"

Manual Download Instructions

1. Download the 5 files (*via the manual download link in your email*)
2. Un-compress the GP01_Samples.part1.rar file.
(*This will create a ~2.4GB "GP01 Natural Forces" directory*)
3. Un-compress the GP01_Extras.rar file.
4. Un-compress the GP01_Instruments_2.rar file
5. Un-compress the GP01_Instruments_WM****.zip
(*This will create a second "GP01 Natural Forces" directory*)
6. Move the contents of this second "GP01 Natural Forces/Instruments" directory into the original directory
7. Open Kontakt 5 (Player), and click "add library"
8. Navigate to the "GP01 Natural Forces" directory and click "choose"
9. To authorize Natural Forces, click "activate"
10. When prompted by NI Service Center, enter the 25 digit serial #

If you don't have the Kontakt 5 Player, you can download it here:
