

## Heavyocity Announces Release of Mosaic Neon

NEW YORK, April 18, 2023 – Heavyocity Media announces the release of *Mosaic Neon*, the next chapter in the acclaimed *Mosaic Series* line of virtual instruments. *Mosaic Neon* elevates a wide palette of quintessential synth sounds into dynamic, score-friendly cinematic elements—ethereal pads, complex rhythms, warm textures, and hypnotic arpeggios—breathing new life into the harmonically rich world of vintage and analog synthesis techniques, reimagining them in new and innovative ways.

“There is something uniquely inspiring about vintage synthesis methods,” said Dave Fraser, Co-Founder, Heavyocity. “And with *Mosaic Neon* we wanted to honor its legacy and influence by capturing its distinctive tonality and transforming it into a modern sound design tool.”

Featuring over 100 compelling and customizable snapshots that are chock-full of emotive qualities—from nostalgic to menacing, somber to bright—*Mosaic Neon* offers a mix of vintage styles and futuristic elements, resulting in a truly unique color to enhance your composition.

And for a limited time, Heavyocity is offering *Mosaic Neon* for \$99 (reg. \$119). In addition, owners of other *Mosaic Series* instruments will receive an additional 20% off. Offers end April 27, 2023.

As a “powered-by-Kontakt” instrument *Mosaic Neon* offers all playback and sound-shaping functionality through the full version of Kontakt 6 or the free Kontakt 6 Player.
