CONTENT

Play It Forward contains 120 loops, organized in the following categories: Full, Bass Loops, and Drum Loops. The loops are presented as WAV files, as well as in NKI format (Kontakt full version only). The percussive loops are also provided as REX files. Each audio file is seamlessly looped and can be quickly loaded into your sampler or DAW of choice. Each file name details the name of the loop and the tempo where it sounds the best, as well as the root key it was created in.
